

The **ROCKET** Transport Case

Perfect protection for your Rocket Smoke Machine (PS21, PS23 or PS25)

The perfect case for transporting and storing your Rocket smoke system, with storage for a Rocket or Rocket Turbo, smoke fluid aerosol can and lead.

Made from ultra high impact structural copolymer that makes it extremely strong and durable, its 6.4mm neoprene o-ring and ABS latches seal perfectly and includes an automatic purge valve for quick equalization after changes in atmospheric pressure.
